**Dr. Joseph Mar Thoma Metropolitan**  
Patron & Manager  
Christian College, Chengannur

## Manager's Message

I wish to congratulate the staff & students of Christian College, Chengannur for bringing out the IX<sup>th</sup> volume of Campus Communique. This volume gives a kaleidoscopic insight into the academic activities, achievements and aspirations of the Christian College community in the last academic year. Even as I laud you for all your endeavors, I realize that without the Almighty's blessing all this wouldn't have come to pass. For "Unless the Lord builds the house, those who build it labor in vain."

The vision of Christian College is academic excellence, formation of character, social commitment and search for truth. In order to fulfill this grand vision the college provides authentic learning experiences to students. Along with this, the students have been encouraged to move into society and reach out to the unreached and touch the untouched - thus moving into the cause of social upliftment. Such social extension activities stretch the perspectives of the students and many a times plants in them "a seed" which will inspire them for a lifetime commitment towards such causes. For it is said that a vision is never taught but caught. In the parable of talents, we see that the master commended the first two servants for their industry, while he sharply rebuked the third servant for his lethargy. The third servant as a matter of fact did not waste anything that was entrusted to him, but he was satisfied with maintaining

the status quo. Faithfulness is not keeping safe what you have been given, it is taking what you have been given, utilizing it and multiplying it. The Christian College community has to work hard in order to usher an era, "where the mind is without fear, and the head is held high". We need to be people who will break down the "narrow domestic walls" and lead the society into a state of "ever widening thought and action".

Finally as Robert Frost, reminds us that many things try to distract us and captivate our attention and tempt us yield to a spirit of lethargy yet we need to move on. "But I have promises to keep and miles to go before I sleep ..." New horizons beckon us, new avenues await us and new ventures lure us.

I assure my blessings and prayers.

## Principal's Message

**One** more academic year has come to an end. As beginnings are times for effective planning, so are ends that offer immense opportunity for introspection and retrospection. Our introspections will certainly lead us to the assertion that but for God Almighty nothing constructive would have been possible during this year. However, we have no words to express our gratitude to GOD. But GOD reads even our humble thoughts. Apart from God, I owe so much to my colleagues and students who have been with me in my thick and thin. The untimely passing away of our former Manager, Dr. Zachariahs Mar Theophilus Suffragan Metropolitan on 27 December and the valedictory celebration of Golden Jubilee on 17<sup>th</sup> September 2015 make 2015-'16 a momentous year. The voyage of this vessel has not come to an end with the Golden Jubilee celebrations, it has to continue sailing in search of better expeditions. While undertaking these adventurous trips, we will certainly face turbulent seas and vile weather. In times of such perils, let us promise to stand together, hand-in hand, with a definite futuristic plan to lead this vessel to better shores. I have no words to express my sincere gratitude to our retired staff and alumni who support us in times of need. My request to students who leave this college after completing their Graduate and Post Graduate Programmes is that they must visit their "alma mater" on every Deepavali day to offer their prayerful support and creative suggestions for its betterment. May the Grace of the Holy One be with us showering blessings so that we are able to produce academically bright, socially oriented citizens who consider the needs of others as their own needs and protect their environment that sustains their living!!!
